The Ou Stal Venue

Let us transport you back to a time of effortless elegance.

The Ou Stal venue offers various outdoor and indoor ceremony options: We know that each couple is different, and for that reason we create custom days around every celebration. Have your ceremony outside next to the lake, or amongst the trees as dappled light plays over the romantic setting.

Our 200-year old reception venue was built in the old Cape

Dutch style featuring ornate gables, broad white walls and the original door from the Coetzenburg Hotel – an institution in lovely Stellenbosch. The building has been declared a national heritage site by the Stellenbosch Municipality, and as such the façade has been renovated without changing any of the architectural details. Inside, new life has been blown into this old lady with the addition of custom-made candelabrae and a brand new bar area.
